

## Tarea 7th grade – week 4

My name is \_\_\_\_\_

What is your routine now? is it the same as it was before quarantine?

For this week's homework I want you to create a simple routine that you can follow everyday, include activities that you need to do, activities that you want to do and some free time. Write your experience for everyday answering the following questions:

Was it easy to follow the Schedule today?

Did you do everything you wanted to do?

How do you feel today?

If you want to share your experience with me, send me an email, if not, do not worry it is ok.
